

World within Worlds

We are DASH. We support disabled artists to make work.

We are looking for disabled artists to be part of our project **World within Worlds**.

World 3 course

There are 3 different worlds to choose from. All the worlds are online and virtual. You might be a painter, illustrator or performer. What you find out and do in your world is up to you.

World 3

Kommemoration

This course runs from **29th June - 22nd July 2021**.

You will work with an artist called Jon Adams. Jon has taught himself to be an artist. He is also a researcher. Jon puts different conditions into his work like autism and dyslexia. This is when people learn in a different way.

Jon has had artwork in the Royal Academy and Tate Modern in London.

Jon will work together with you to think about a shrine and what this might look like. A shrine is a place to worship and remember.

You can make a shrine out of lots of different objects. Jon will help you make a shrine using your art skills.

You can find out more about Jon and his work here
